What's new 2

APR 3, 2021 AT 10:41 AM

3rd times the charm!

I'm starting to really enjoy writing these updates. It's a time to sit back and reflect on the week

# Graphic = fn(state)

Romello Goodman

---

romellogoodman.com/graphic-function-state

I'm "done" with my talk! Slides are done, [link](#), and video prerecorded. Took a lot more than I expected to get this over the finish line and a big shout out to Aubs and Leek for letting me dry run it by them!

I'm preparing another proposal for [!!con](#) that is a great accompaniment to this one and will share more if I finish it in time and it gets accepted 🙌

Elsewhere,

mello

is creating using code.

## Study

# Risograph Study

Exploring the Risograph Machine as creative medium and using SVGs and PNGs to create Risograph Prints.

I did a write up about working with SVGs to create [Risograph prints](#). Check it out if you want to see how the color separation works

Lastly, I mentioned on insta this week but I'm thinking of removing the digital assets reward. 1. I've never been a fan of exclusivity and 2. I think there is a better solution that allows you all to choose the digital assets that best resonate with your individual tastes. It's one of my goals to work on that this upcoming week.

Till next time

- Mello
